Summary

I am a current student-athlete at Westminster College majoring in Computer Science and a captain of the Men's Lacrosse team with a 3.864 GPA. I am setting out to combine the hard work and determination of a competitive athlete with the creativity and intelligence of a computer programmer. I understand what it takes to be part of a team and to put in the work necessary to accomplish the task at hand. I pride myself in my work ethic, problem solving skills and trustworthiness. My objective is to learn the necessary skills and apply my work ethic to whatever problem I am faced with while being able to adapt to different challenges.
